## DEMEX GATE-APP

## DEMEX GATE-APP

### DEMEX APP

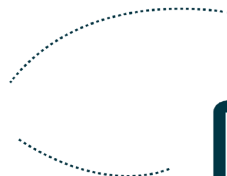

**Controlling gates has never been so easy!**

It is possible to monitor and control gates remotely via your mobile, as well as receive an alarm if something happens.

The intelligence lies in the control system itself, which receives information from various sensors and detectors. Based on your unique wishes, we can tailor solutions for your gate.

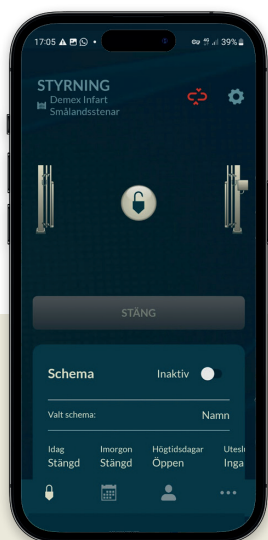

### Benefits:

- Open the gate with your mobile phone, via app.
- Get online gate status.
- Invite users
- Check reports and statistics.

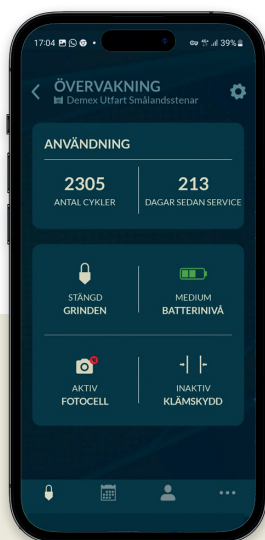

## FUNCTIONS

### SMOOTH OPENING FUNCTION FROM MOBILE PHONES

Open the gate with your mobile phone, via app.  
Alarm & notification

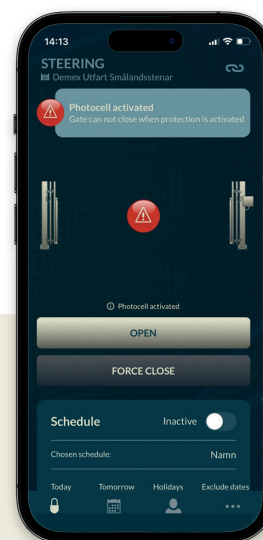

### STATUS & MONITORING

Online status of the gate.  
Reports and statistics.  
Follow your battery.  
Information about the next service.  
Easy connection to gate.

### SCHEDULE CONTINUING

You can create multiple schedules.

### FORCED OPENING/ CLOSING
